Muktinath Helicopter Tour with Darshan

Duration: 3-4 hours Days

Itinerary (Plan)

Day 1 Detailed Itinerary for Muktinath Helicopter Tour

- Time : 3-4 hrs
- Max Altitude : 3800m

Accommodation: N/A

Meal: N/A

Activity 1: Takeoff from Pokhara

Begin your journey with a smooth helicopter ascent from Pokhara. Enjoy panoramic views of lush green hills, terraced fields, winding rivers, and distant snow-capped peaks as the helicopter climbs toward the Mustang region. This early morning flight ensures calm winds, clear skies, and a breathtaking aerial perspective of Nepal's diverse landscapes.

Activity 2: Scenic Flight En Route to Jomsom

Fly northwest through the Annapurna and Dhaulagiri ranges, following the Kali Gandaki Valley. Observe alpine valleys, deep gorges, and remote settlements as the terrain gradually shifts from green hills to the stark, dry landscapes of Mustang. The helicopter may make a short technical stop at Jomsom Airport for refueling and acclimatization before continuing toward Muktinath.

Activity 3: Approaching Muktinath Temple

As you approach Muktinath, the Himalayas surround you with snow-capped peaks and barren hills. From the air, catch a close view of Machhapuchhre (Fishtail Mountain), as well as Annapurna, Dhaulagiri, and Nilgiri ranges. The aerial view of the Kali Gandaki Gorge, one of the deepest in the world, creates a dramatic and unforgettable sight.

Activity 4: Landing and Visiting Muktinath Temple

Land near the temple complex and walk a short distance to the sacred site. Spend about an hour performing darshan, prayers, and offerings at the main Vishnu shrine. Experience bathing under the 108 stone water taps, believed to purify the soul, and witness the eternal flame, symbolizing the harmony of the five natural elements. This segment provides a serene spiritual experience in the majestic Himalayan setting.

Activity 5: Return Flight to Pokhara

Retrace the scenic route back via Jomsom, flying over alpine valleys, river gorges, and towering Himalayan peaks. Relax and enjoy the aerial vistas one last time before descending toward Pokhara, completing the pilgrimage, adventure, and sightseeing journey in about 3.5–4 hours.

Cost Include

- Round-trip helicopter transfers from Pokhara to Muktinath.
- Experienced pilot and professional ground support team.
- All necessary permits and entrance fees.
- Complimentary bottled water and snacks onboard.
- Short guided tour at Muktinath Temple.
